

**Biosketch of Goh Boon Kee**

Dr Boon-Kee Goh is the Consultant Dermatologist and Medical Director of Skin Physicians Private Limited. Prior to joining Skin Physicians, Dr Goh was the Chief of Pigment Clinic and Deputy Director of Research at the National Skin Centre, Singapore.

Dr Goh graduated from the University of Leeds (UK) with First Class Honours in Chemical Pathology and with the John Ingram Prize in Dermatology for his medical degree. He completed his specialist training in Internal Medicine and Dermatology in Singapore, and is a Fellow of the Royal College of Physicians (Edinburgh, UK).

Besides general dermatology, Dr Goh has special interests in pigmentary disorders and transplantation surgery for vitiligo. He started the transplant service for vitiligo in Singapore, and has successfully treated more than 800 cases of vitiligo with non-cultured cellular grafting. He has also instructed and trained specialists at the National Skin Centre and international fellows on this procedure.

Apart from his clinical work, Dr Goh is active in research and has published extensively in the fields of pigmentary disorders, vitiligo and Darier's disease. He currently serves as the Council Member of the International Federation of Pigment Cell Societies, the Asian Society for Pigment Cell Research, and was the Vice-President of the League of ASEAN Dermatological Societies. He was also the Organising President of the highly successful 22nd International Pigment Cell Conference held in Singapore in 2014.
