

# Curriculum Vitae

## Award winner Professor

**Global Excellence Award for the title Consultant Dermatologist of the year in London (awarded twice in 2019 and 2022)**

### Personal details:

Name: Firas Al-Niaimi  
E-mail address: firas55@hotmail.com  
GMC number: 6051193 (Full registration)  
Tel.: 07956147543

### Qualifications/Education:

- Aug. 2014:** European Board Examination in Dermatology and Venereology (**EBDV**)
- Jan. 2012:** Certificate Completion of Specialist Training in Dermatology (**CCST**)
- Oct. 2009:** Specialty Certificate Exam Dermatology. (Royal College of Physicians, London) (**MRCP Derm**)
- Nov 2005:** Membership of the Royal College of Physicians, London. (**MRCP**)
- 1994-2002:** Undergraduate medical study at Vrije Universiteit Amsterdam, The Netherlands. **Artsexamen (MSc in medicine)**

### Career statement:

Following my broad experience and training in general and acute medical specialties I spent 18 months as a senior house officer in dermatology in Glasgow prior to my formal 4 years residency training in Manchester, one of the largest dermatology centres in Europe. During my residency I was trained in all aspects of dermatology and its subspecialties and was

actively involved in academic work which led to a large number of presentations and publications. Subsequent to that I moved to London and did a prestigious one-year fellowship in advanced cutaneous surgery and lasers at the world-renowned St. John's dermatology institute at Guys' and St. Thomas' Hospitals which is the largest Mohs surgery and lasers unit in the UK. During my fellowship I gained advanced training in skin cancers and Mohs' micrographic surgery and various reconstructive techniques with flaps and grafts. In addition, I am fully trained on various laser procedures.

I am a well-trained all-rounded dermatologist with great passion and enthusiasm for my specialty and continually pursue knowledge and excellence which was recognised by an award in 2019 from the global excellence award for the title "Consultant Dermatologist of the year 2019 - London". In 2021 I was conferred the title of professor by the University of Aalborg in Denmark.

### **Current employment:**

- Jul. 2020- present:**      **Professor of Dermatology and Lasers**  
University of Aalborg, Aalborg, Denmark
- Jan. 2013- present:**      **Consultant dermatologist** of Sk:n clinics London; number one skin laser clinic chain in the UK
- Jan. 2016- present:**      **Consultant Dermatologist**  
152 Harley street, One of London's premier healthcare clinics
- Nov. 2017- present:**      **Consultant Dermatologist**  
BMI Hendon hospital, London

### **Non-clinical managerial/leadership positions:**

- Jul. 2021 – present:**      Professor of dermatology at Aalborg University, Denmark.
- Jan. 2015 – Apr. 2021:**      Executive board member of the medical standards committee for sk;n clinics (involved in regulating/implementing all clinical standards)
- May 2016 – May 2019:**      Executive board member of the British Medical Laser Association (broad involvement in setting standards for British laser medicine)
- May 2017 – Jan 2019:**      Advisor at the Cosmetic Practice Standards Authority (CPSA) drafting standards for the Joint Council for Cosmetic Practitioners (JCCP) under the auspices of the Care Quality Commissioning (CQC) for the voluntary register of cosmetic practitioners

### **Career history:**

- May 2015- May 2020: Consultant Dermatologist (Honorary):**  
St. John's Institute of Dermatology, Guy's and St. Thomas' Hospitals, London: Weekly tertiary referral dermatological laser clinic and Mohs surgery
- Jan. 2013- Mar. 2016: Consultant Dermatologist**  
Salisbury Hospital: monthly Mohs' micrographic surgery list followed by advanced reconstruction
- July 2014-April 2015: Consultant Dermatologist**  
Royal Free London NHS Trust Weekly advanced dermatologic surgical clinics (x2) including flaps and grafts (head and neck)
- Jan. 2013- May 2015: Consultant Dermatologist**  
St. John's Institute of Dermatology, Guy's and St. Thomas' Hospitals, London Honorary ad-hoc sessions in Mohs' and laser dermatology
- Jan. 2012- Dec. 2012: Fellowship** in cutaneous surgery and lasers (including Mohs' micrographic surgery). St. John's Institute of Dermatology, Guy's and St Thomas' Hospital, London.
- Jan. 2011- Dec. 2011:** ST6 (equivalent to fourth year resident) dermatology at Salford Royal Hospital, Manchester.  
(General dermatology, connective tissue diseases, immunology and allergy, cutaneous lasers, cutaneous surgery, dermato-endocrinology)
- Jan. 2009- Dec. 2010:** ST5 dermatology (equivalent to third year resident) at Salford Royal Hospital, Manchester.  
(General dermatology, phototherapy, melanoma, cutaneous oncology, organ transplant, vulval dermatology, contact dermatitis, dermatopathology)
- Dec.2008- Jan. 2009:** ST4 dermatology (equivalent to second year resident) at Salford Royal Hospital, Manchester.  
(General dermatology, paediatric dermatology, inflammatory dermatoses, cutaneous lymphomas)
- Jan. 2008-Dec. 2008:** ST3 (equivalent to first year resident) dermatology at Cumberland Infirmary, Carlisle.  
(General dermatology, venereology, cutaneous surgery)
- Aug.2007-Dec.2007:** Travelling prior to commencement of 4-years residency training in North Western Deanery Manchester.
- Feb. 2006-Aug. 2007:** Senior House Officer in dermatology, Greater Glasgow NHS Trust, Glasgow.

- Aug. 2005- Feb. 2006:** Senior House Officer in Cardiology/General Medicine, St. James's University Hospital, Leeds.
- Feb. 2005- Aug.2005:** Senior House Officer in Neurology/General Medicine, York Hospital, York.
- Nov.2004- Feb.2005:** Senior House Officer in Venereology/HIV medicine, Royal Hallamshire Hospital, Sheffield.
- Aug.2004- Nov.2004:** Senior House Officer in Infectious Diseases/Tropical Medicine, Royal Hallamshire Hospital, Sheffield.
- Feb. 2004- Aug. 2004:** Senior House Officer in Gastroenterology/General Medicine, Royal Bolton Hospital, Bolton.
- Aug. 2003- Feb. 2004:** Senior House Officer in Cardiology/General Medicine, Royal Bolton Hospital, Bolton.
- Feb. 2003- Aug. 2003:** Senior House Officer in General Practice at Kildonan House Medical Practice, Bolton.
- Aug. 2002- Feb. 2003:** Senior House Officer in Accident & Emergency. Royal Bolton Hospital, Bolton.

### **Research and studies in dermatology:**

- **Epidemiology of zoonotic dermatophyte infections in Scotland:**

Retrospective epidemiological study investigating prevalence of all zoophilic dermatophyte infections in Scotland in the period 1996-2006, comparing with 1981 data. Techniques used included database and statistical analysis. The findings were presented (oral) at the European Academy of Dermatology and Venereology meeting in Paris, France in 2008 and published in the journal of *Clinical and Experimental Dermatology*.

- **Immunohistochemistry research in Skin Cancer Unit, Western Infirmary, Glasgow:**

Antigen retrieval on mice models looking into the expression or loss of *P-TEN* and *fos* with as a consequence the development of keratoacanthoma or squamous cell carcinoma. Techniques learned included immunofluorescence and antigen retrieval.

- **Study into the assessment and knowledge of gloves and latex allergy in a tertiary Hospital.**

Research was conducted into the knowledge and recognition of allergies and the appropriate use of gloves in healthcare settings. The findings were published as an original article in the journal *Clinical and Experimental Dermatology*.

- **Patients' awareness of the flammability hazard of paraffin-based products:**

Questionnaire-based research conducted across three centres showing poor patient awareness of the flammability hazard of paraffin-based products. The findings were published as an article in the *British Journal of Dermatology*.

- **Patch testing of stoma patients presenting with peri-stomal dermatitis:**

More than 120 patients patch tested across two large centres and analysis of the relevance of patch testing in this group. The findings of the study were published as an original article in the *British Journal of Dermatology*.

- **Repetitive UV provocation of all patients with hydroa vacciniforme in the North West of England.**

This study was conducted to ascertain the threshold of UV provocation among 11 patients with hydroa vacciniforme. The findings showed that repetitive provocation is needed to induce the clinical lesions, in contrary to most of the reported literature.

- **Patch testing patients presenting with vulval dermatoses:**

Retrospective and prospective analysis of the results of patch testing in this group leading to standardisation of patch testing. The findings of the study were presented as a poster at the European Society of Contact Dermatitis meeting in Strasbourg, France in 2010 and published in the journal of *Clinical and Experimental Dermatology*.

- **Study in the role of urine exposure and peristomal lichen sclerosis:**

This was a cohort study performed in the combined skin/stoma clinic looking at the rate and cause of peristomal lichen sclerosis and its relationship to urine exposure. The findings of the study were published in the *British Journal of Dermatology*.

- **Eczema severity assessment and quality of life in patients undergoing patch testing:**

This was a study performed at the contact dermatitis unit in Manchester assessing the eczema severity and quality of life in patients undergoing patch testing using the EASI score and the DLQI. Correlation of both scores was assessed. The findings were presented at the European Academy of Dermatology and Venereology meeting in Gothenburg, Sweden in 2010.

- **Comparative study in the use of topical anaesthetics in laser procedures:**

During my laser work at the Laser department in Manchester I was instrumental in designing and performing a comparative study on the use of three common topical anaesthetics in laser procedures. This was a double-blinded study. The findings of the study were presented at the international meeting of Laser Europe in London in 2012 and published in the journal of *Journal of Cutaneous and Aesthetic Surgery*.

- **Study in the use of Q-switched lasers 532, 755, and 1064 nm in the treatment of naevus of Ota:**

I was involved in a study comparing the efficacy of the three main Q-switched lasers (532, 755, and 1064 nm) in the treatment of naevus of Ota looking to identify the optimal wavelength, parameters, clearance, and recurrence rates. The findings of the study were published in the journal of *Lasers in Medical Sciences*.

- **The use of subcutaneous methotrexate in chronic plaque psoriasis:**

Instrumental in a study using subcutaneous methotrexate in chronic plaque psoriasis. Response, side-effects and optimum dosage was studied and compared to against oral methotrexate. The findings of the study were published in the journal of *Drugs in Dermatology*.

- **Randomized-controlled trial on PDT prior to Mohs versus standard Mohs surgery only:**

Involved in the gathering and analysis of the data and first author in the results published in the journal of *Journal of Cutaneous and Aesthetic Surgery*.

- **National survey study on the current practice of Mohs surgery in the UK:**

Data collection and analysis which led to a paper published in the *British Journal of Dermatology*.

- **Comparative study on picosecond versus nanosecond lasers in benign pigmented conditions:**

Regional study involving comparative analysis on reaction and clearance of benign pigmented conditions using the picosecond versus nanosecond lasers.

- **National survey on the peri-operative management of novel anti-coagulants during Mohs' surgery procedures:**

Inception of idea, questionnaire design, analysis and co-author in publication that resulted in national guidelines on peri-operative anti-coagulation use during advanced dermatologic surgery procedures. The findings of the study were published in the journal of *British Journal of Dermatology*.

- **National survey on the infection control in Mohs surgery procedures:**

Inception of idea and design of questionnaire survey to all dermatologic surgeons in the UK regarding the sterile and clean practice during skin cancer extirpation and wound reconstruction. The findings of the survey were published in the *British Journal of Dermatology*.

### **Involvement in Randomized Clinical trials:**

- Co-investigator on the PATCH trial (UKDCTN) which led to a publication in the *New England journal of Medicine*, *British Journal of Dermatology*, and in *Trials*.
- Co-investigator in a trial on PDT prior to Mohs surgery versus Mohs alone.

### **Audits in dermatology:**

- **An audit** into the diagnostic methods used and management of lentigo maligna in Glasgow. Published as an article in the *British Journal of Dermatology*.
- **An audit** into the method of use and outcome of patients treated with imiquimod in the dermatology department at the Western Infirmary. Presented at a regional audit meeting.
- **An audit** looking into the labelling and advice issued by pharmacies for dermatology patients treated with methotrexate in Cumberland Infirmary. Published as an article in the *British Journal of Dermatology*.
- **An audit** into the diagnostic methods and treatment of tinea capitis over a period of 18 months. Presented at a regional audit meeting.
- **An audit** on the screening and management of cutaneous porphyrias in a tertiary referral centre. Presented at a regional audit meeting.
- **An audit** on the laser services and patients' satisfaction at the department of surgery and laser unit at St. Thomas' Hospital, London.

### **Oral presentations in Dermatology:**

### **International meetings:**

**Jan. 2020: Novel vascular platform in dermatology.**  
IMCAS conference, Paris, France.

- Jan. 2010: Optimising the pulsed dye laser in clinical practice.**  
3<sup>rd</sup> Saudiderm conference, Mecca, Saudi Arabia.
- Oct. 2019: Integrating topical agents with laser treatments.**  
14<sup>th</sup> Lebanese annual congress of dermatology, Beirut, Lebanon.
- Sep. 2019: The algorithm of management of filler nodules.**  
Australasian Society of Cosmetic Dermatologists conference, Sydney, Australia.
- Sep. 2019: Lasers in dermatology.**  
Actual problems in dermatology and aesthetic medicine conference, Tashkent, Uzbekistan.
- Aug. 2019: Botulinum toxin for the lower face.**  
Aesthetics 2019 meeting Delhi, India.
- Jul. 2019: Optimising vascular lasers in dermatology.**  
Annual Dermatologic Society of Singapore conference, Singapore.
- Jun. 2019: Filler complications and algorithm for treatment.**  
2nd PAADS (Pakistan Association of Aesthetic Dermatology Society) conference, Karachi, Pakistan.
- May 2019: Diagnosing and managing filler complications.**  
VI Eurasian congress of dermatology, Astana, Kazakhstan.
- May 2019: Picosecond lasers beyond tattoos.**  
XXXI Brazilian congress of dermatologic surgery, Goiania, Brazil.
- Apr. 2020: My approach to acne scarring.**  
Derm Summit conference, Stockholm, Sweden.
- Mar. 2019: Non vascular uses of pulsed dye laser in dermatology.**  
International Congress of Dermatology RegioDerma 2019, Monterrey, Mexico.
- Jan. 2019: Lasers and scars in dermatologic surgery.**  
Presented at the annual Panhellenic Greek Dermatologic Surgery conference, Athens, Greece.
- Dec. 2018: Picosecond technology in dermatology.**  
Presented at a laser meeting for dermatologists and plastic surgeons in Ljubljana, Slovenia.
- Dec. 2018: Avoiding laser complications in dermatologic practice.**  
Presented at the 14th International Live Surgery Symposium for Dermatologic and Cosmetic Surgery, Frankfurt, Germany.
- Nov. 2018: Laser treatments for scars.**  
Presented at the Dermatology department of Helsinki University

Hospital, Helsinki, Finland.

- Oct. 2018: Picosecond lasers in non-tattoos.**  
Presented at a laser dermatology conference in Bucharest, Romania.
- Oct. 2018: How to recognise and manage filler complications.**  
Presented at the bi-annual Oman Dermatology Conference Muscat Derm III, Muscat, Sultanate Oman.
- Oct. 2018: How to optimise the pulsed dye laser in clinical practice.**  
Presented at the bi-annual Oman Dermatology Conference Muscat Derm III, Muscat, Sultanate Oman.
- Oct. 2018: Picosecond lasers in tattoos and pigmentation.**  
Presented at a laser meeting in Copenhagen, Denmark.
- Sep. 2018: Fractional lasers in burn scars.**  
Presented at the annual conference of the European Burns Association, Rotterdam, The Netherlands.
- Sep. 2018: Novel vascular platform in dermatology.**  
Presented at a laser meeting in Frankfurt, Germany.
- Aug. 2018: Avoiding and managing filler complications.**  
Presented at the 9<sup>th</sup> 5 continents (5CC) international laser and dermatology conference, Barcelona, Spain.
- Aug. 2018: Botulinum toxin in medical dermatology.**  
Presented at the 9<sup>th</sup> 5 continents (5CC) international laser and dermatology conference, Barcelona, Spain.
- Jul. 2018: How I use vascular laser in dermatology.**  
Presented at the 12<sup>th</sup> International Caucasian Conference on Plastic Surgery and Dermatology in Tbilisi, Georgia.
- June 2018: How to utilize the use of vascular lasers in medical dermatology.**  
Presented at an annual laser conference in Oaxaca, Mexico.
- June 2018: What can we achieve with vascular lasers today?**  
Presented at an Aesthetics Business Conference, Burgas, Bulgaria.
- June 2018: The use of picosecond lasers in pigmentation and facial rejuvenation.**  
Presented at an annual laser academy conference in Lisbon, Portugal.
- June 2018: The use of lasers in burn scars.**  
Presented at the 1<sup>st</sup> annual combined plastic surgery and aesthetics conference in Minsk, Belarus.
- May 2018: Recent advances in laser dermatology.**

Presented at the annual laser dermatology conference in St.Petersburg, Russia.

**May 2018: Radiofrequency in clinical dermatology.**

Presented at the Swedish HC-Derma annual conference, Stockholm, Sweden.

**May 2018: Non-vascular uses of pulsed dye laser.**

Presented at the Swedish HC-Derma annual conference, Stockholm, Sweden.

**Apr. 2018: Applications of long-pulsed Nd:YAG laser in dermatology.**

Presented at the ESLD section of the 38<sup>th</sup> annual conference of the American Society of Lasers in Medicine and Surgery (ASLMS), Dallas, USA.

**Mar. 2018: Multidisciplinary team approach in the management of scars.**

Presented at the 2<sup>nd</sup> International Scar Conference, Tel Aviv, Israel.

**Feb. 2018: Full day laser lectures and training on vascular and ablative lasers.**

Presented at the Kazakhstani laser dermatology group, Almaty, Kazakhstan.

**Feb. 2018: Vascular and fractional lasers in the management of scars.**

Presented at the 19<sup>th</sup> annual international IMCAS conference, Paris, France.

**Jan. 2018: Combining lasers with drugs in dermatology.**

Presented at the 18<sup>th</sup> annual conference of the Swiss Medical laser Association, Zurich, Switzerland.

**Oct. 2017: Learning from our mistakes.**

Presented at a professional dermatology conference at Zurich Medical University Hospital, Zurich, Switzerland.

**Sep. 2017: Advanced uses of lasers in dermatology.**

Presented at the annual Ukrainian Association of Lasers Association, Kiev, Ukraine.

**Sep. 2017: Systematic approach to diagnosis and management of filler complications.**

Presented at the 26<sup>th</sup> EADV congress in Geneva, Switzerland.

**Aug. 2017: Picosecond lasers beyond tattoos.**

Presented at the 8<sup>th</sup> 5 continents (5CC) international laser and dermatology conference, Barcelona, Spain.

**Jun. 2017: My approach to the management of acne scarring.**

Presented at the annual laser conference in St. Petersburg, Russia.

**Jun. 2017: The current evidence in the use of lasers in scars.**

Presented at the annual conference of the Bulgarian Dermatology Association, Sofia, Bulgaria.

**May 2017: Live demonstration lecture and treatment of picosecond laser treatment.**

Presented at the iMed Aesthetics meeting in Lisbon, Portugal.

**Apr. 2017: Managing complications from laser treatments in dermatology.**

Presented at the 8<sup>th</sup> annual Kuwait Derma conference, Kuwait.

**Apr. 2017: The use of lasers in medical dermatological conditions.**

Presented at the 12<sup>th</sup> World Congress of Cosmetic Dermatology, Bangalore, India.

**Apr. 2017: The use of fractional radiofrequency in dermatology.**

Presented at the 15<sup>th</sup> AMWC world congress of anti-ageing medicine, Monaco.

**Mar. 2017: The increasing relevance of cosmeceuticals use in dermatology.**

Presented at the annual international conference of Dubai Derma, UAE.

**Mar. 2017: Live-demonstration and lecture on scar treatment with fractional technology.**

Performed at Hospital Monte Principe De Madrid, Madrid, Spain.

**Mar. 2017: Full day lectures on vascular and pigment-specific lasers.**

Full day training workshop for laser dermatologists, Moscow, Russia.

**Mar. 2017: The future of scar treatment in the era of laser technology.**

Presented at a dermatology meeting in St. Petersburg, Russia.

**Mar. 2017: Applications of multiple laser modalities in dermatology.**

Presented at a meeting for Azerbaijan dermatologists in Baku, Azerbaijan.

**Feb. 2017: Topical hyaluronic acid in skincare use.**

Presented at the Lebanon dermatology meeting of cosmeceuticals in dermatology, Beirut, Lebanon.

**Jan. 2017: The 785 nm: new picosecond wavelength.**

Presented at the 18<sup>th</sup> annual international IMCAS conference, Paris, France.

**Jan. 2017: How to avoid and treat laser complications.**

Presented at the 17<sup>th</sup> annual conference of the Swiss Medical laser Association, Zurich, Switzerland.

**Nov. 2016: Laser technology in dermatology: Innovations and unique possibilities.**

Presented to a group of Russian dermatologists in Moscow, Russia.

- Oct. 2016: Evidence for the use of lasers in scars.**  
Presented at the 12<sup>th</sup> Aesthetic and Anti-Ageing Medicine European Congress (AMEC) in Paris, France.
- Sep. 2016: Current evidence in laser-assisted drug delivery.**  
Presented at the 25<sup>th</sup> EADV annual meeting, Vienna, Austria.
- Sep. 2016: Tips on avoiding laser complications in dermatology.**  
Presented at the 25<sup>th</sup> EADV annual meeting, Vienna, Austria.
- Aug. 2016: The use of vascular and ablative lasers in vascular malformations.**  
Presented to dermatologists using lasers in Baku, Azerbaijan.
- Jun. 2016: Picosecond lasers in dermatology beyond tattoos.**  
Presented at the annual international FACE conference, London, UK.
- Jun. 2016: Vascular lasers beyond vascular malformations**  
Presented at the VI International training course for Cosmetic procedures in dermatology and Plastic Surgery, St. Petersburg, Russia.
- Jun. 2016: Vascular lasers in dermatology.**  
Presented at the 2<sup>nd</sup> Russian Syneron-Candela laser academy, St. Petersburg, Russia.
- Jun. 2016: Ablative lasers in dermatology: clinical challenges.**  
Presented at the 2<sup>nd</sup> Russian Syneron-Candela laser academy, St. Petersburg, Russia.
- Jan. 2016: Pulsed Dye Laser beyond vascular malformations.**  
Presented at the 18<sup>th</sup> annual international IMCAS conference, Paris, France.
- Jan. 2016: Synergistic effects of fractional non-ablative laser followed by triple anti-oxidant therapy (live demonstration).**  
Presented at the 18<sup>th</sup> annual international IMCAS conference, Paris, France.
- Oct. 2015: Vascular lasers beyond congenital malformations.**  
Presented at the “New horizons in plastic surgery and dermatocosmetology” international meeting in Yerevan, Armenia.
- Sep. 2015: The use of Pulsed Dye Laser in vascular cases in dermatology.**  
Presented at the annual Candela-Syneron International Academy, Barcelona, Spain.
- Aug. 2015: Resveratrol: the dual-mode anti-oxidant in dermatology.**  
Presented at the annual Golf Corporate Council L’Oreal meeting, Dubai, United Arab Emirates.

- Mar. 2015: The combined use of lasers and topical products in dermatology.**  
Presented at the annual Polish dermatology association meeting as a plenary lecture, Warsaw, Poland.
- May 2012: Comparative efficacy of three common topical anaesthetics in dermatological procedures.**  
Presented at the International meeting of the European Laser Association (ELA), Laser Europe, London.
- May 2012: Treatment of naevus of Ota with 1064 nm, 755 nm and/or 532 nm wavelength lasers.**  
Presented at the International meeting of the European Laser Association (ELA), Laser Europe, London.
- Oct. 2011: Our experience in the treatment of peri-stomal overgranulation.**  
Presented at the 20<sup>th</sup> European Academy of Dermatology and Venereology (EADV) conference, Lisbon, Portugal.
- Jun. 2011: Evaluation of the awareness of latex allergy and the appropriate use of gloves among healthcare workers.**  
Presented at the 5<sup>th</sup> International Conference on Occupational and Environmental Exposure of Skin to Chemicals, Toronto, Canada.
- Mar. 2011: Our Results and Experience from Patch Testing for Vulval symptoms.**  
Presented at the Residents and Fellows symposium at the Annual American Academy of Dermatology (AAD) meeting, New Orleans, USA.
- Mar. 2011: An unusual presentation of progressive nodular histiocytosis with systemic involvement.**  
Presented at the Gross and Microscopy section of the Annual American Academy (AAD) of Dermatology meeting, New Orleans, USA.
- Sep. 2010: Patch testing for peri-stomal dermatitis: our 10-year experience.**  
Presented at the 10<sup>th</sup> Congress of the European Society of Contact Dermatitis (ESCD), Strasbourg, France.
- May 2010: A rare case of congenital Degos disease.**  
Presented at the 10<sup>th</sup> European Society of Paediatric Dermatology (ESPD) conference in Lausanne, Switzerland.
- Mar. 2010: A rare entity presenting as non-specific dermatitis.**  
Presented at the Gross and Microscopy section of the American Academy of Dermatology (AAD) meeting in Miami, USA.
- Mar. 2010: A case of disseminated primary cutaneous nodular amyloidosis.**  
Presented at the Gross and Microscopy section of the American Academy of Dermatology (AAD) meeting in Miami, USA.

**Mar. 2010: A sclerotic rash on the trunk.**

Presented at the Gross and Microscopy section of the American Academy of Dermatology (AAD) meeting in Miami, USA.

**Oct. 2009: Chilblain-like perniosis in myelodysplasia and leukaemia cutis: a report of 4 cases.**

Presented at the European Academy of Dermatology and Venereology (EADV) in Berlin, Germany.

**Sep. 2009: Severe recalcitrant lichen sclerosus complicated by urticarial vasculitis.**

Presented at the World Congress of the International Society for the Study of Vulvovaginal Disease (ISSVD) held in Edinburgh, UK.

**Sep. 2008: Current epidemiology of zoophilic dermatophytes in Scotland.**

Presented at the annual meeting of the European Academy of Dermatology and Venereology (EADV) held in Paris, France. (The abstract scored high and was presented as a TOP TEN presentation).

**National meetings:**

**Jul. 2017: Infection control practices in Mohs micrographic surgery: a U.K. national survey.**

Presented at the 97<sup>th</sup> annual meeting of the British Association of Dermatologists (BAD), Liverpool.

**Jun. 2017: The use of Hyaluronic Acid in dermatology.**

Presented at the annual FACE meeting in London.

**May 2017: The management of dermal filler complications.**

Presented at the annual meeting of the British Medical Laser association, Manchester.

**Feb. 2017: Mistakes I have learned from in laser dermatology**

Great Ormond Street Hospital (GOSH) annual laser course, London.

**Nov. 2016: Treatment methods in acne scarring.**

Presented at the Scar Academy Conference, Queen Mary University, London.

**Nov. 2016: The use of lasers in scars.**

Presented at the Scar Academy Conference, Queen Mary University, London.

**Oct. 2016: Recent advances in post-laser skincare.**

Presented at the 12<sup>th</sup> annual national skin conference in Birmingham.

**Oct. 2016: Management of dermal filler complications.**

Presented at the annual CCR EXPO conference, London.

- Jun. 2016: Diagnosis and management of actinic keratosis.**  
Presented at the annual British Dermatology Nursing Group meeting, Bournemouth.
- May 2016: Laser complications in dermatology.**  
Presented at the Annual meeting of the British Medical Laser Association (BMLA), Darlington, UK.
- May 2016: Current status in laser-assisted drug delivery.**  
Presented at the Annual meeting of the British Medical Laser Association (BMLA), Darlington, UK.
- Apr. 2016: Combination of topical anti-oxidant post fractional non-ablative laser therapy.**  
Presented at the annual Aesthetic Conference Exhibition (ACE), London.
- Oct. 2015: Laser complications and how to avoid them.**  
Presented at the annual CCR EXPO conference, London.
- Oct. 2015: Lumenis UltraPulse: The most powerful CO<sub>2</sub> machine.**  
Presented at the annual CCR EXPO conference, London.
- Mar. 2015: Resveratrol: a novel topical antioxidant in dermatology.**  
Presented at the annual Aesthetic Conference Exhibition (ACE), London.
- Sep. 2014: Laser-assisted drug delivery.**  
Presented at the 10<sup>th</sup> annual national skin conference in Birmingham.
- Sep. 2014: Advances in topical anti-oxidants formulations.**  
Presented at the 10<sup>th</sup> annual national skin conference in Birmingham.
- Jul. 2012: Comparative efficacy of three common topical anaesthetics in dermatological procedures.**  
Presented at the 92<sup>nd</sup> annual meeting of the British Association of Dermatologists (BAD), Birmingham.
- Jul. 2012: Treatment of naevus of Ota with 1064 nm, 755 nm and/or 532 nm wavelength lasers.**  
Presented at the 92<sup>nd</sup> annual meeting of the British Association of Dermatologists (BAD), Birmingham.
- Jan. 2012: Nail dystrophy as the presenting sign of systemic sarcoidosis.**  
Presented at the annual medical dermatology meeting at the Royal College of Physicians (RCP) in London.
- Jul. 2011: Peristomal bullous pemphigoid in patients with underlying inflammatory bowel disease: report of five cases.**  
Presented at the 91<sup>st</sup> annual meeting of the British Association of Dermatologists (BAD), London.

- Jul. 2011: Increased androgen receptor presence in breast hypoplasia associated with congenital linear Becker's naevus with spontaneous breast enlargement during pregnancy.**  
Presented at the 91<sup>st</sup> annual meeting of the British Association of Dermatologists (BAD), London.
- Jul. 2011: Peri-neural inflammation: another reason for the Mohs' surgeon to be mindful.**  
Presented at the 91<sup>st</sup> annual meeting of the British Association of Dermatologists (BAD), London.
- Jul. 2011: Parry-Romberg syndrome treated with permanent polyacrylamide subdermal filler.**  
Presented at the 91<sup>st</sup> annual meeting of the British Association of Dermatologists (BAD), London.
- Jun. 2011: A blistering eruption in a stage IV melanoma patient.**  
Presented at the summer meeting of the Melanoma Study Group (MSG), Manchester.
- May 2011: Treatment of neurofibromas with carbon dioxide laser.**  
Presented at the Annual meeting of the British Medical Laser Association (BMLA), Bedfordshire, UK.
- May 2010: A case of atopic eosinophilic oesophagitis.**  
Presented at the annual North of England Dermatological Society (NEDS) meeting in Manchester.
- Jul. 2010: The importance of patch testing even in "classical scenarios".**  
Presented at the cutaneous allergy society meeting of the British Association of Dermatologists (BAD) in Manchester.
- Jul. 2010: Review of our 10 years experience of patch testing for vulval dermatitis.**  
Presented at the cutaneous allergy society meeting of the British Association of Dermatologists (BAD) in Manchester.
- Jul. 2010: A case of multicentric epithelioid haemangiopericytoma presenting as a penile ulcer.**  
Presented at the dermatopathology society meeting of the British Association of Dermatologists (BAD) in Manchester.
- Feb 2010: Skin problems in stoma patients.**  
Presented at the national coloproctology course in Leeds.
- Feb. 2010: A rare cause of respiratory failure secondary to erythrodermic psoriasis.**  
Presented at the annual medical dermatology meeting at the Royal College of Physicians (RCP) in London.

- Nov. 2009: An infant with congenital lesions and multi-organ involvement.**  
Presented at the annual meeting of the British society of Paediatric Dermatology (BSPD) meeting, Leeds.
- Jun. 2009: Brown spots on the neck. (A case of nodular amyloidosis).**  
Presented at the North of England Dermatology Society (NEDS) meeting held in Manchester.
- Jul. 2008: Cutaneous actinomycosis presenting as chronic mastitis.**  
Presented as a clinic-pathological case at the British Association of Dermatologists (BAD) annual meeting held in Liverpool.
- Jun. 2007: A review of all zoophilic dermatophyte infections in the West of Scotland and Highlands in the period 1996-2006.**  
Presented at the Annual Scottish Dermatological Society meeting (SDS) held in Dunfermline.
- May 2007: Audit presentation in the method of use and outcome in Imiquimod.**  
Presented at the West of Scotland audit meeting.
- May 2007: Audit presentation on the “sampling error” in the biopsies of lentigo maligna.**  
Presented at the Scottish Melanoma Group in Dundee.
- Oct.2006: Audit presentation in the management and outcome of lentigo maligna.**  
Presented at the Scottish Dermatological Society meeting (SDS) held in Dumfries.

### **Poster presentations:**

- Sep. 2017: The treatment of striae with energy-based devices: a systematic review.**  
Presented at the 26<sup>th</sup> EADV congress in Geneva, Switzerland.
- Feb. 2017: Approaches to the management of striae.**  
Presented at the Interventional cosmetics: new and controversial treatments meeting at the Royal Society of Medicine (RSM), London.
- Sep. 2016: The increasing relevance of biofilms in dermatology.**  
Presented at the 25<sup>th</sup> EADV annual meeting, Vienna, Austria.
- May 2016: Symmetrical Scleredema of the breasts in a man with diabetes.**  
Presented at the 13<sup>th</sup> EADV Spring Symposium, Athens, Greece.
- May 2016: Bilateral symmetrical elastosis perforans serpiginosa.**  
Presented at the 13<sup>th</sup> EADV Spring Symposium, Athens, Greece.

- June 2015: A systematic literature review of pulsed-dye (PDL) laser therapy in the treatment of warts.**  
Presented at the 23<sup>rd</sup> World Congress of Dermatology (WCD), Vancouver, Canada.
- May 2014: Correction of skin contour defects in leaking stomas by filler injection.**  
Presented at the 11<sup>th</sup> European Academy of Dermatology and Venereology (EADV) conference in Belgrade, Serbia.
- Feb. 2014: Permanent polyacrylamide subdermal filler for the treatment of Parry-Romberg syndrome.**  
Presented at the Interventional cosmetics: new and controversial treatments meeting at the Royal Society of Medicine (RSM), London.
- Feb. 2014: Becker's naevus: in search of the evidence for laser therapy.**  
Presented at the Interventional cosmetics: new and controversial treatments meeting at the Royal Society of Medicine (RSM), London.
- Jul. 2013: Safety, complications and patients' acceptance of Mohs micrographic surgery under local anaesthesia: results from the UK Mohs acceptance and patient safety collaboration group.** (third author)  
Presented at the 93<sup>rd</sup> annual meeting of the British Association of Dermatologists (BAD), Liverpool.
- Feb. 2013: The effectiveness of pulse dye lasers in the treatment of acne vulgaris: review of the literature.**  
Presented at the Interventional cosmetics: new and controversial treatments meeting at the Royal Society of Medicine (RSM), London.
- Jul. 2012: Effectiveness of subcutaneous methotrexate in chronic plaque psoriasis.** (second author)  
Presented at the 92<sup>nd</sup> annual meeting of the British Association of Dermatologists (BAD), Birmingham.
- Feb. 2012: Peri-ocular pyoderma gangrenosum: A rare entity with significant potential disfigurement.**  
Presented at the Interventional cosmetics: new and controversial treatments meeting at the Royal Society of Medicine (RSM), London.
- Nov. 2011: Trichorhinophalangeal syndrome.**  
Presented at the annual meeting of the British Society of paediatric Dermatology (BSPD), Nottingham, UK.
- Oct. 2011: Vulval Crohn's disease in childhood: an under recognized diagnosis.**  
Presented at the 20<sup>th</sup> European Academy of Dermatology and Venereology (EADV) conference, Lisbon, Portugal.

- Oct. 2011: Severe incontinentia pigmenti in a male infant.**  
Presented at the 20<sup>th</sup> European Academy of Dermatology and Venereology (EADV) conference, Lisbon, Portugal.
- Oct. 2011: A congenital case of Degos disease.**  
Presented at the 20<sup>th</sup> European Academy of Dermatology and Venereology (EADV) conference, Lisbon, Portugal.
- Oct. 2011: Drug Reaction with Eosinophilia and Systemic Symptoms (DRESS) secondary to paracetamol in a male with human immunodeficiency virus.**  
Presented at the Severe Cutaneous Adverse Reactions (SCAR) symposium. Royal College of Physicians (RCP), London, UK.
- Oct. 2011: Two cases of toxic epidermal necrolysis successfully treated with a tapering dose of prednisolone.**  
Presented at the Severe Cutaneous Adverse Reactions (SCAR) symposium. Royal College of Physicians (RCP), London, UK.
- Sep. 2011: Facial erythema and scarring following therapy for metastatic colon carcinoma.**  
Presented at the North of England Dermatology Society, Manchester, UK.
- Jul. 2011: Digging for gold in modern times.**  
Presented at the 91<sup>st</sup> annual meeting of the British Association of Dermatologists (BAD), London, UK.
- Jul. 2011: Peri-ocular pyoderma gangrenosum leading to ectropion formation requiring systemic therapy and surgical correction.**  
Presented at the 91<sup>st</sup> annual meeting of the British Association of Dermatologists (BAD), London, UK.
- Jul. 2011: A rare cause of respiratory failure due to erythrodermic psoriasis.**  
Presented at the 91<sup>st</sup> annual meeting of the British Association of Dermatologists (BAD), London, UK.
- Jul. 2011: Natural rubber latex allergy: assessment of knowledge, appropriate use of gloves and prevention practice among hospital healthcare workers.**  
Presented at the 91<sup>st</sup> annual meeting of the British Association of Dermatologists (BAD), London, UK.
- Nov. 2010: Vulval Crohn's disease in childhood: report of 2 cases and review of the literature.**  
Presented at the annual meeting of the British Society of paediatric Dermatology (BSPD), Cardiff, UK.
- Oct. 2010: Quality of life and severity assessment of eczema in patients undergoing patch testing.**  
Presented at the 19<sup>th</sup> European Academy of Dermatology and Venereology (EADV) conference in Gothenburg, Sweden.

- Oct. 2010: Adult respiratory distress syndrome in erythrodermic psoriasis.**  
Presented at the 19<sup>th</sup> European Academy of Dermatology and Venereology (EADV) conference in Gothenburg, Sweden.
- Oct. 2010: Peri-stomal lichen sclerosus: case series from the skin-stoma clinic.**  
Presented at the 19<sup>th</sup> European Academy of Dermatology and Venereology (EADV) conference in Gothenburg, Sweden.
- Jul. 2010: Peri-ungual dermatitis due artificial acrylic nails in a male guitarist.**  
Presented at the annual meeting of the British Association of Dermatologists (BAD) in Manchester, UK.
- Jul. 2010: A rarely reported cause of drug-induced photosensitivity.**  
Presented at the annual meeting of the British Association of Dermatologists (BAD) in Manchester, UK.
- Jul. 2010: Our 10-years experience in patch testing stoma patients for stoma-related dermatitis.**  
Presented at the annual meeting of the British Association of Dermatologists (BAD) in Manchester, UK.
- Jul. 2010: A rare cause of panniculitis requiring a novel therapy.**  
Presented at the annual meeting of the British Association of Dermatologists (BAD) in Manchester, UK.
- May 2010: An unusual manifestation of sarcoidosis in the oral cavity.**  
Presented at the annual meeting of the North of England Dermatology Society in Manchester, UK.
- May 2010: A surviving case of Harlequin ichthyosis.**  
Presented at the 10<sup>th</sup> European Society of Paediatric Dermatology (ESPD) conference in Lausanne, Switzerland.
- May 2010: A case of Frey's syndrome secondary to forceps injury at delivery.**  
Presented at the 10<sup>th</sup> European Society of Paediatric Dermatology (ESPD) conference in Lausanne, Switzerland.
- May 2010: Atopic oesophageal disease in a patient with severe atopic eczema.**  
Presented at the European Academy of Dermatology and Venereology (EADV) spring meeting, Cavtat, Croatia.
- May 2010: Our experience in the management of toxic epidermal necrolysis with systemic corticosteroids.**  
Presented at the European Academy of Dermatology and Venereology (EADV) spring meeting, Cavtat, Croatia.
- Mar. 2010: Nail dystrophy and periungual discolouration as a presenting feature of systemic sarcoidosis.**

Presented at the annual meeting of the American Academy of Dermatology (AAD), Miami, USA.

**Nov. 2009: Harlequin ichthyosis - a survivor.**

Presented at the annual meeting of the British Society of paediatric Dermatology (BSPD), Leeds, UK.

**Nov. 2009: An unusual manifestation of xeroderma pigmentosum in a Caucasian child.**

Presented at the annual meeting of the British Society of paediatric Dermatology (BSPD), Leeds, UK.

**Oct. 2009: An unusual oral manifestation of sarcoidosis.**

Presented at the European Academy of Dermatology and Venereology (EADV) in Berlin, Germany.

**Oct. 2009: 10 years experience with patch testing in stoma patients.**

Presented at the European Academy of Dermatology and Venereology (EADV) in Berlin, Germany.

**Sep. 2009: Primary vulval presentation of Oculomucocutaneous syndrome.**

Presented at the World Congress of the International Society for the Study of Vulvovaginal Diseases (ISSVD), Edinburgh, UK.

**Jul. 2009: Dermatitis herpetiformis exacerbated by corn starch.**

Presented at the International Summer Allergy School, Norwich, UK.

**Jul. 2008: Adalimumab-induced lupus erythematosus.**

Presented at the annual meeting of the British Association of Dermatologists (BAD). Liverpool, UK.

**Jul. 2008: Review of all zoophilic dermatophyte infections in the West and North of Scotland in the period 1996-2006.**

Presented at the annual meeting of the British Association of Dermatologists (BAD). Liverpool, UK.

**May 2007: Cholesterol Crystal Embolization Syndrome presenting as transient Livedo Reticularis.**

Presented at the European Academy of Dermatology and Venereology (EADV) Meeting. Vienna, Austria.

**May 2007: A case of unilateral purple toes syndrome due to warfarin.**

Presented at the European Academy of Dermatology and Venereology (EADV) meeting. Vienna, Austria.

**May 2007: Recurrent Febrile non-suppurative panniculitis.**

Presented at the European Academy of Dermatology and Venereology Meeting (EADV). Vienna, Austria.

**Oct. 2006: Weber Christian Disease.**

Presented at the Scottish Dermatological Society (SDS) meeting, Dumfries, UK.

### **Web teaching contribution:**

- Chapter Acne vulgaris/Rosacea. Stirling University Web-based Dermatology diploma for healthcare professionals. Scotland 2006.
- Developed and published 60 Multiple Choice Questions as part of the examination for the Stirling University Web-based Dermatology diploma for healthcare professionals. Scotland 2006.

### **Awards and prizes:**

- Global Excellence Award for the title of best Consultant Dermatologist 2019 – London.
- Best speaker at the international annual Syneron-Candela academy meeting in Malaga, Spain, August 2016. (**Pearls in vascular laser treatments**).
- Runner up (second prize) for best poster at the interventional cosmetics meeting, Royal Society of Medicine (RSM), 2014, London. (**Permanent Polyacrylamide subdermal filler for the treatment of Parry-Romberg syndrome**).
- American Society of Lasers in Medicine and Surgery (ASLMS) preceptorship award 2014. (Main Line Laser Centre in Philadelphia, USA)
- Best oral presentation at the International meeting of Laser Europe (section dermatology) in 2012, London. (**Naevus of Ota: Response to treatment with pigment-specific lasers**)
- Euroderm excellence travel award 2011, Rome, Italy.
- British Society of Contact Dermatitis 2010 Scholarship for the best submitted abstract to attend the annual meeting of the European Society Contact Dermatitis (ESCD), Strasbourg, France, 2010. (**Patch testing for peri-stomal dermatitis: our 10-year experience**).
- Best poster at the annual meeting of the British Society of Paediatric Dermatology (BSPD), Leeds, 2009. (**A surviving case of Harlequin ichthyosis**).

- Top ten abstract September 2008 European Academy of Dermatology and Venereology (EADV), Paris, France. (**Current epidemiology of zoophilic dermatophytes in Scotland**).

### **Roles in academic journals:**

- **Reviewer** for:
  - British Journal of Dermatology
  - Clinical and Experimental Dermatology
  - European journal of Dermatology
  - Journal of the American Academy of Dermatology
  - Austin Journal of Dermatology
  - Dermatology and Therapy
- **Member of the advisory board** for:
  - Dermatology and Therapy
  - Austin Journal of Dermatology
  - PRiME (international anti-ageing journal)
  - Journal of Cutaneous and Aesthetic Surgery

### **International preceptorships:**

- Aug. 2010 (1 week):** Dermatology department, Charite Hospital, Berlin, Germany.  
Supervisor: **Prof. W. Sterry**
- Aug. 2014 (1 week):** Pima dermatology clinic, Tucson, Arizona USA.  
Supervisor: **Dr. G. Goldberg**
- Oct. 2014 (1 week):** Rosenpark clinic, Darmstadt, Germany.  
Supervisor: **Dr. G. Sattler**
- Oct. 2014 (2 weeks):** Main Line Laser Centre, Philadelphia USA  
Supervisor: **Dr. E. Bernstein**
- Jan. 2015 (1 week):** Gateway Laser Institute, Salt Lake City, USA.  
Supervisor: **Dr. M. Taylor**
- Mar. 2015 (1 week):** Clinica Elite Laser, Madrid, Spain.  
Supervisor: **Dr. P. Naranjo**
- Apr. 2015 (1 week):** Miami Skin and Laser clinic, Miami, USA.  
Supervisor: **Dr. J. Waibel**
- Apr. 2015 (1 week):** Sanctuary Medical Center, Boca Raton, USA.  
Supervisor: **Dr. J. Pozner**

## **Teaching experience:**

- Workplace based assessments for junior doctors
- Teaching medical students at all the hospitals I have worked at including extensive experience of teaching in dermatology (Lectures, bedside clinical teaching, formal lectures, and formal supervision).
- Tutor at the annual British Cosmetic Dermatology Group (BCDG) course
- Facilitator and lecturer for MRCP PACES exam (UK)
- Faculty member and lectured on the MSc Skin Ageing and Aesthetic medicine programme at the University of Manchester
- Lectured on the Royal College of General Practitioners (RCGP) Dermatology course in the North West (UK)
- Lectured in the North West deanery training programme (UK) for Obstetrics trainees
- Experience in teaching nursing staff and allied healthcare professionals. (Please note my contribution to Stirling University as well as lectures to community nurses)

## **Educational lectures (teaching purposes):**

**Dec. 2019: Full day evince-based articles on lasers in dermatology.**

Training for Finnish dermatologists, Helsinki, Finland.

**Sep. 2019: Lectures and training on vascular and pigment lasers for Vietnamese doctors.**

Laser workshop day in Hanoi and Ho Chi Mihn cities, Vietnam.

**Aug. 2019: Vascular and pigment lasers lectures for Chinese doctors.**

Laser workshop in Shanghai, China.

**May 2019: Full day vascular lasers lectures.**

Amsterdam Medical Centre Hospital, laser course.

**Dec. 2018: Full day laser workshop for dermatologists.**

Vilnius, Lithuania.

**Dec. 2018: Full day laser workshop for dermatologists.**

Minsk, Belarus.

**Dec. 2018: Full day laser workshop for dermatologists.**

Warsaw, Poland.

**Nov. 2018: Full day laser workshop for dermatologists.**

Vienna, Austria.

**Nov. 2017: Lasers in dermatology.**

**Practical skills in dermatology:**

- Complex surgical closures and skills including skin grafts and flap repairs
- Mohs' micrographic surgery with independent assessment of all pathology slides
- Dermoscopy assessment
- Scar revision
- Blepharoplasty
- Fully competent in the following lasers:
  - Pulsed-dye
  - Q-switched Ruby, Nd:YAG, and Alexandrite
  - Alexandrite (755 nm)
  - Nd:YAG (1064 nm)
  - Non-ablative fractional
  - Ablative (fractional and non-fractional)
  - Radiofrequency (fractional and non-fractional)
  - Botulinum toxin and fillers
  - Chemical peels

## **Media involvement and dermatology:**

### **Television:**

- Featured on the BBC One programme Inside Out regarding a Cumbrian girl who is affected by xeroderma pigmentosum. The programme showed my involvement in the diagnosis and care for the patient and the family. More importantly it was launched to raise funds for the patient who was in need of help. I personally approached the BBC and organised for this. A follow-up programme on the very successful appeal was featured 4 months afterwards. (A modified similar version of the programme was shown on the programme Look north and on itv news) This case was reported by several local and national newspapers including The Daily Telegraph, Daily Mail, Cumberland News and News & Star Cumbria.
- Interviewed by the BBC in the programme Look North regarding advice on sun-protection and awareness of the hazards of the skin

### **Radio:**

- Live interview on BBC radio Cumbria on xeroderma pigmentosum and the launch of the fund raising for the patient and the XP support group

### **Magazines and Newspapers:**

- Regularly approached by newspapers and magazines to contribute for dermatological issues and have been featured in: *Stylist, Daily Mail, Sun, Telegraph.*

### **Webinars:**

1. Treatment of rosacea and scars with lasers
2. PicoWay in tattoos and pigmentation
3. Novel approaches in the use of fractional lasers
4. Treatment of acne and acne scarring with lasers
5. The use of fractional picosecond lasers
