

**Dr. Shiou-Han Wang (王修含醫師)**

## **CURRICULUM VITAE**

**Email: sonolaser@gmail.com**

### **CURRENT POSITIONS**

1. Superintendent, Skin168 Institute of Dermatology(王修含皮膚科診所)  
4F., No.333, Sec. 4, Zhongxiao E. Rd., Da'an Dist., Taipei City 10696, Taiwan (R.O.C.)  
TEL: +886-2-2781-2100
2. Adjunct Staff, Department of Dermatology, NTUH(台大醫院)  
No.7, Chung Shan S. Rd. (Zhongshan S. Rd.), Zhongzheng Dist., Taipei City 10002, Taiwan (R.O.C.)
3. Adjunct Staff, Doctors' Doctor Clinic(醫者診所)  
No.333, Sec. 1. Keelung Rd., Xinyi Dist., Taipei City 110, Taiwan (R.O.C.)  
International Trade Building. Taipei World Trade Center

### **EDUCATION**

Doctor of Medicine (MD), College of Medicine, National Taiwan University  
Master of Science in Electrical Engineering (MSEE), Graduate Institute of Biomedical Electronics and Bioinformatics, National Taiwan University  
Bachelor of Science in Mechanical Engineering (BSME), College of Engineering, National Taiwan University

### **POSTGRADUATE TRAINING & OCCUPATIONAL HISTORY**

Resident, Department of Surgery, National Taiwan University Hospital(NTUH), Taipei, Taiwan  
Resident, Department of Dermatology, NTUH  
Chief Resident, Department of Dermatology, NTUH  
Specialist in Dermatological Surgery & Laser, Department of Dermatology, NTUH  
Specialist in Acne & Scar Treatment, Department of Dermatology, NTUH  
Specialist in Dermatologic Ultrasound, Department of Dermatology, NTUH  
Director, Chinese Society of Cosmetic Surgery and Anti-aging Medicine  
Executive director, China Cross-Strait Association of Plastics and Aesthetics  
Director, Laser and Photonics Medicine Society of the Republic of China

## **CLINICAL MAIN INTEREST**

1. Clinical Dermatology: Acne/ acne scar, keloid, and pigmentary disorders
2. Aesthetic Dermatology: Injectables, lasers, radiofrequency and HIFU
3. Ultrasound imaging in dermatology

## **AUTOBIOGRAPHY**

Dr. Shiou-Han Wang (王修含) is the superintendent of Skin168 Institute of Dermatology (王修含皮膚科診所) and on the adjunct staff of National Taiwan University Hospital (台大醫院) and Doctors' Doctor Clinic (醫者診所) in Taipei. He is also the director of the Taiwanese Society for Dermatological and Aesthetic Surgery (TSDAS), the Laser and Photonics Medicine Society of Taiwan (LMSTW), and the Chinese Society of Cosmetic Surgery and Anti-aging Medicine (CSCSM), which is the leading aesthetic medical society with most members of doctors in Taiwan.

He graduated with Academic Excellence Award from the Department of Mechanical Engineering and received his MD degree from the College of Medicine of National Taiwan University. He also received his MSEE from the National Taiwan University Graduate Institute of Biomedical Electronics and Bioinformatics.

Dr. Shiou-Han Wang's research interest is biomedical engineering (laser, radiofrequency, and ultrasound) and aesthetic dermatology. He has been a specialist in Dermatological Surgery & Laser, Acne & Scar Treatment, and High-Frequency Ultrasound in the Department of Dermatology, NTUH, Taipei, Taiwan.

Dr. Wang was awarded the Best Annual Paper Award(年度最佳論文獎) from the Taiwanese Society of Biomedical Engineering(中華民國生物醫學工程學會) and Engineering Paper Award (工程論文獎) from the Chinese Institute of Engineers(中國工程師學會). In addition, he serves as a reviewer for academic journals, such as the Archives of Dermatology, International Journal of Dermatology, and Dermatologica

Sinica, and was awarded the Certificate of Outstanding Contribution In Reviewing by Elsevier.

He delivered professional oral presentations and had been invited to speak at national and international aesthetic and dermatologic conferences, including Taiwan Dermatology Aesthetic Conference (TDAC) & AMWC Asia/Monaca, International Master Course on Aging Skin (IMCAS), Association of Korean Dermatologists (AKD), World Laser Medicine Congress (WLMC), Asian Dermatological Congress (ADC), Global Chinese Dermatologist Summit (GCDS), Minimal invasive plastic and aesthetic and dermatology (MIPASD), the International Society for Optical Engineering (SPIE), and International Conference on Behçet's Disease (ICBD).
