Fluent in written and spoken English and Chinese (Cantonese and Mandarin)

BIOGRAPHY

Dr Stephanie Lam is one of a handful of female plastic surgeons in Hong Kong and is currently practising at Central Health Medical Practice. She received her medical degree from the Chinese University of Hong Kong in 2000. She became a member of the Royal College of Surgeons of Edinburgh in 2003, and a fellow of the Hong Kong College of Surgeons and the Hong Kong Academy of Medicine (Surgery) in 2008.

Dr Lam is licensed to practice in both Hong Kong and the United Kingdom. Her clinical practice is focused on minimal invasive facial rejuvenation and body contouring surgery.

Other than running her busy practice, Dr Lam is also active in the field of continuing medical education. She is a trainer in injectables for various pharmaceutical companies and is regularly invited as guest faculty in regional meetings. She has been on the Scientific Committee of IMCAS Asia since 2014 and is a Country Mentor Trainer for Galderma since 2015.
